Wine with a light straw-like yellow colour with green reflections, cool, soft and dry. It goes very well with delicate plates, white meats and fish. It is suitable also as an aperitif.

"If Umberto Buccicatinò lacks anything, it is not enthusiasm for his cellar. In his proud, determined manner he has taken just a few years to enlarge his estate and now has 20 hectares under vine backed up by state-of-art equipment. The vineyards is scattered over Vacri hills, an area that gives structured wines."
